

is as important to any one of us as it is to the other. And how we refer these bills is very important. I intend to support this because it is important. But I have to tell you I have some concern about those people that opposed 392 who apparently didn't understand, or don't care how the system works.

PRESIDENT: Thank you. Senator Warner, for closing on the advancement of the bill.

SENATOR WARNER: Mr. President I would only like to comment that I am always aware of the concern of the Legislature in individually knowing as much as possible what is in an appropriation bill. I come from that because I spent 14 years in the body not being on Appropriations, so I understand that need to know. We can only continue to strive to accommodate that, and, like others, I am always very willing and desire to sit with any member of the Legislature who has ideas on how that process could be improved. With that, Mr. President, I would move the bill be advanced.

PRESIDENT: The question is the advancement of the bill. All those in favor say aye. Opposed nay. It advances. LB...do you have anything else to put in at this time, Mr. Clerk?

CLERK: Yes, Mr. President, I do. Your Committee on Revenue, whose Chair is Senator Vard Johnson, would report LB 185 and 467 to General File with committee amendments attached, LB 280, LB 710 indefinitely postponed. Those are signed by Senator Vard Johnson as Chair. (See page 834 of the Legislative Journal.)

Mr. President, the next bill for consideration this morning is 148. The bill is on Select File. The first item I have are Enrollment and Review amendments.

PRESIDENT: Senator Scofield, would you like to move the adoption of the E & R amendments.

SENATOR SCOFIELD: I move the adoption of the E & R amendments,
